

Shopware 6 installation guide

Nets Easy plugin for Shopware 6

Shopware 6 installation guide

1. Download

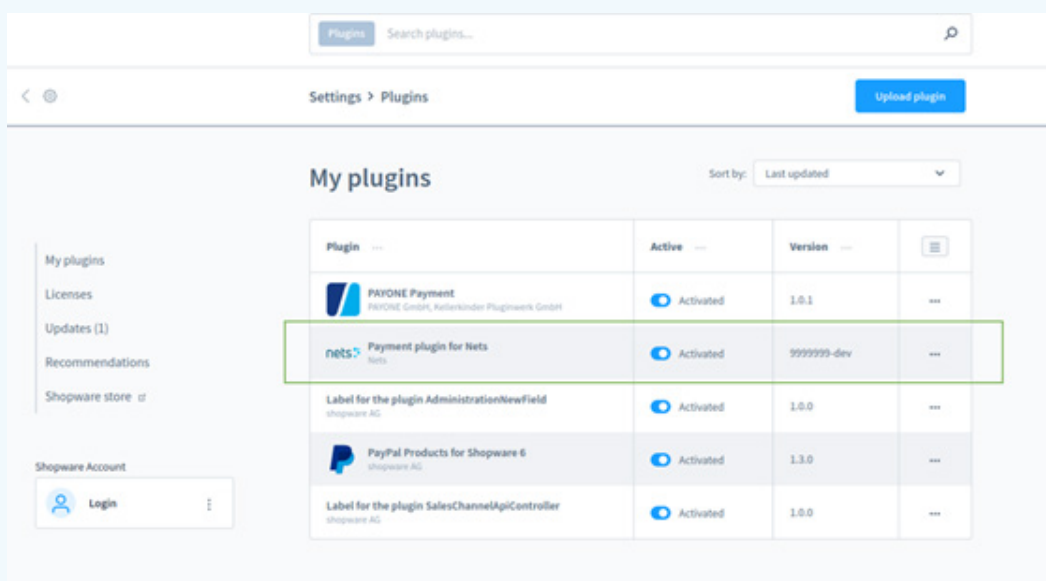

Download the Shopware 6 Easy plugin from Github: <https://github.com/DIBS-Payment-Services/shopware6-easy-checkout> and put to the directory `custom/plugins`

in the root directory of Shopware installation, make commands:

```
bin/console plugin:install NetsCheckout  
bin/console plugin:activate NetsCheckout  
bin/console cache:clear
```

2. Configuration

Go to Settings → System → Plugins
and click edit Payment plugin for Nets

Fill the setting form with keys from: Nets Portal:
<https://portal.dibspayment.eu/>

Recommendation: select "Test environment" until the configuration is completed and you have done a successful transaction.

Go to storefront and in Payment methods box choose Nets Checkout Payment.

In test environment, refer to test cards and test profiles: <https://tech.dibspayment.com/easy/test-information>

The screenshot shows the 'Integration keys' section of the Nets administration interface. It features a sidebar on the left with navigation options like 'Support dashboard', 'Dashboard', 'Payments', 'Payouts', 'Reports', 'Company', 'Account information', 'Team', 'Integration', 'Checkout styler', 'Support', 'Search', and 'Log out'. The main content area is titled 'EASY INTEGRATION GUIDE' and 'EASY PAYMENT MODULES'. Below this, there is a section for 'Integration keys (Merchant ID: 100004542)'. This section includes a description: 'The integration keys protect the communication between Easy and your webshop. The keys become available when the Easy account is created.' To the right, under 'LIVE Environment', there are two keys listed: 'Secret key' with the value 'live-secret-key-5' and 'Checkout key' with the value 'live-checkout-ke'.

3. Operations

It is possible to make partial or full capture/refund in administration after payment by accessing the order details:
